

Big Bird Coming in June!!

Before you know it, June will be here again. And that means it is time for the Annual Big Bird Fly-in on June 11th. Orville Egli is once again working hard on putting together another great event. So Get out that Big Bird and come out and Fly. Or just come out and see some flying. No Admission, No Landing Fees, and No reason not to come.

There will be concessions on hand so come out and have Lunch while your at it.

Set up is usually the night before, so if any club members out there want to help set up the field come on out on Friday evening or give Orville a call to see in what other ways you may be able to help out.

See you There!

Saturday May 8th was a great day to fly.

Show and Tell

Chad Beavers talked about his TREX Helicopter

Orville Egli talked about his SIG SE and his Goldberg Ultimate Blue Hawk planes

Jerry Warden talked about his Sterling Ring Master U-Control plane

Two club Member's Place at early season IMAC contest

Congratulations goes out to two club members who competed in and placed at the Clinton, In IMAC meet.

A big job well done goes out to Nate Strait (this month's Who's that focus) who finished in first place at his first ever IMAC meet in the Basic division. Also Competing and finishing in fifth place in the unlimited division was Wayne Geffon.

Good job guys, I here Nate is already has his eyes set on the next class up. Good Luck in future events.

If you are interested in IMAC contests go to The IMAC website for more Information:
<http://www.mini-iac.com>

Who's That?

Name: Nate Strait

Occupation: Paperboy/Mower

How did you get into R/C flying: My Dad used to fly and I always wanted to. So I bought a firebird electric and kept upgrading to were I am now

How many planes do you Have: One that is flying, A Hanger 9 1/4 cap 232 and a bunch of junk planes.

Your favorite R/C story: One night I decided I would fly inverted for a whole flight and I was doing very low passes until I landed inverted full throttle. Which led to my plane skidding to a stop and ending up with a baseball size hole in the fuse.

Additional comments: A great way to blow your money!
